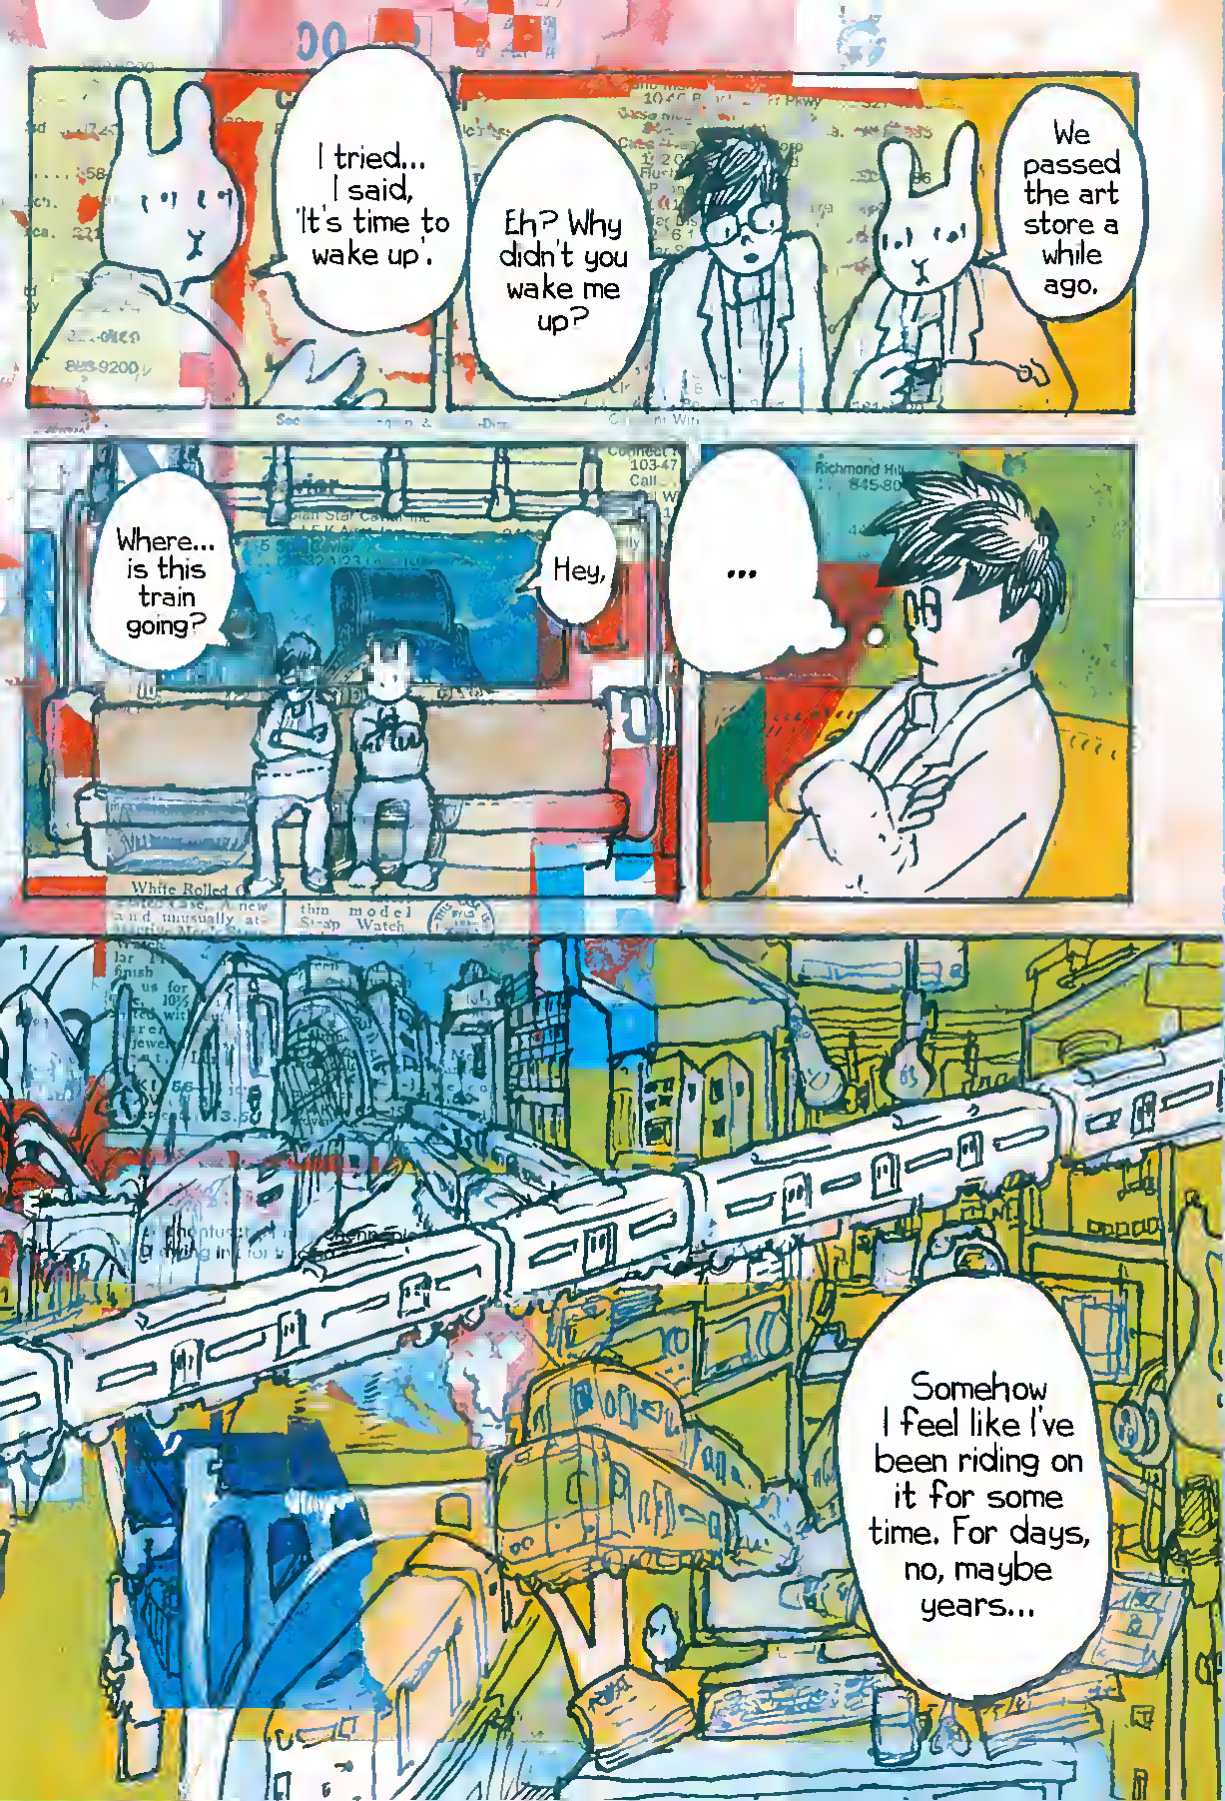
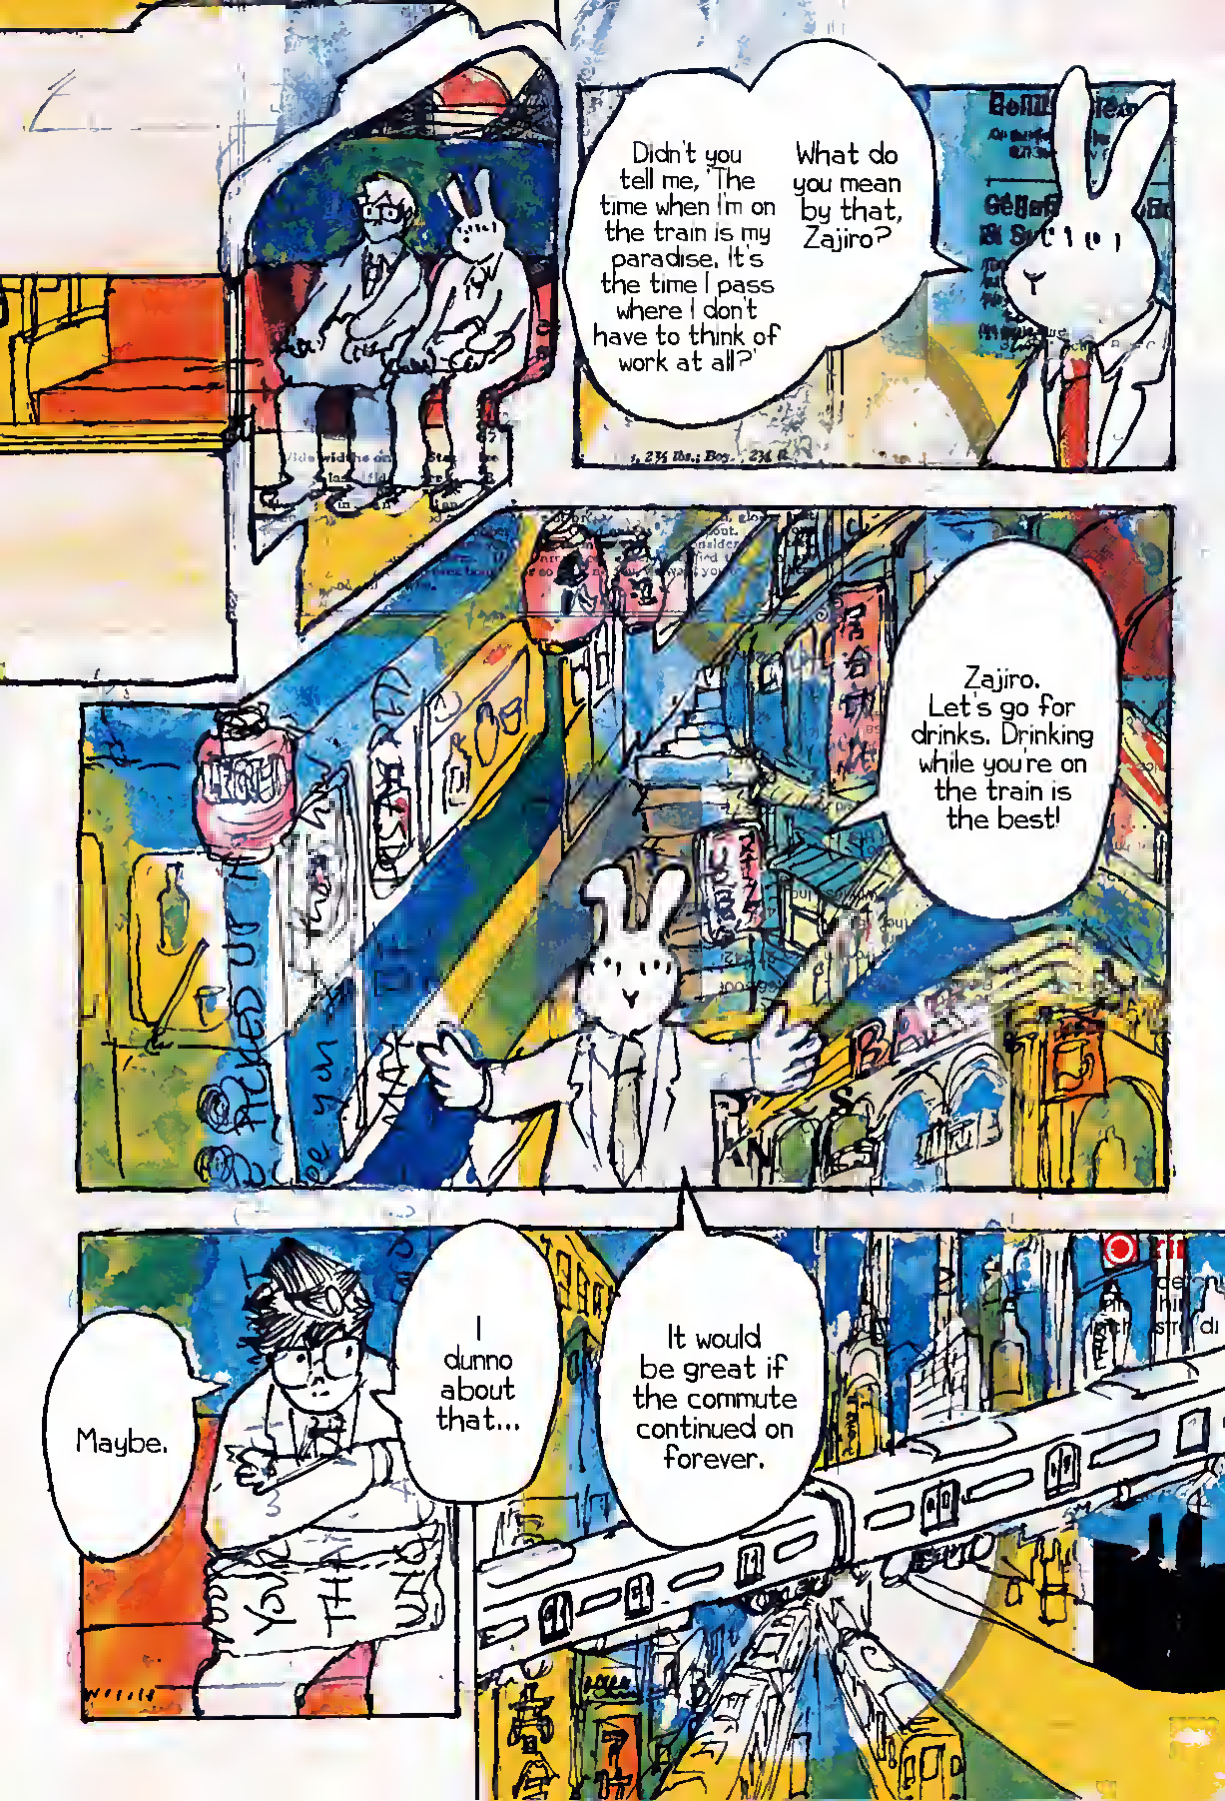
RAPID
COMMUTER
UNDER-
GROUND

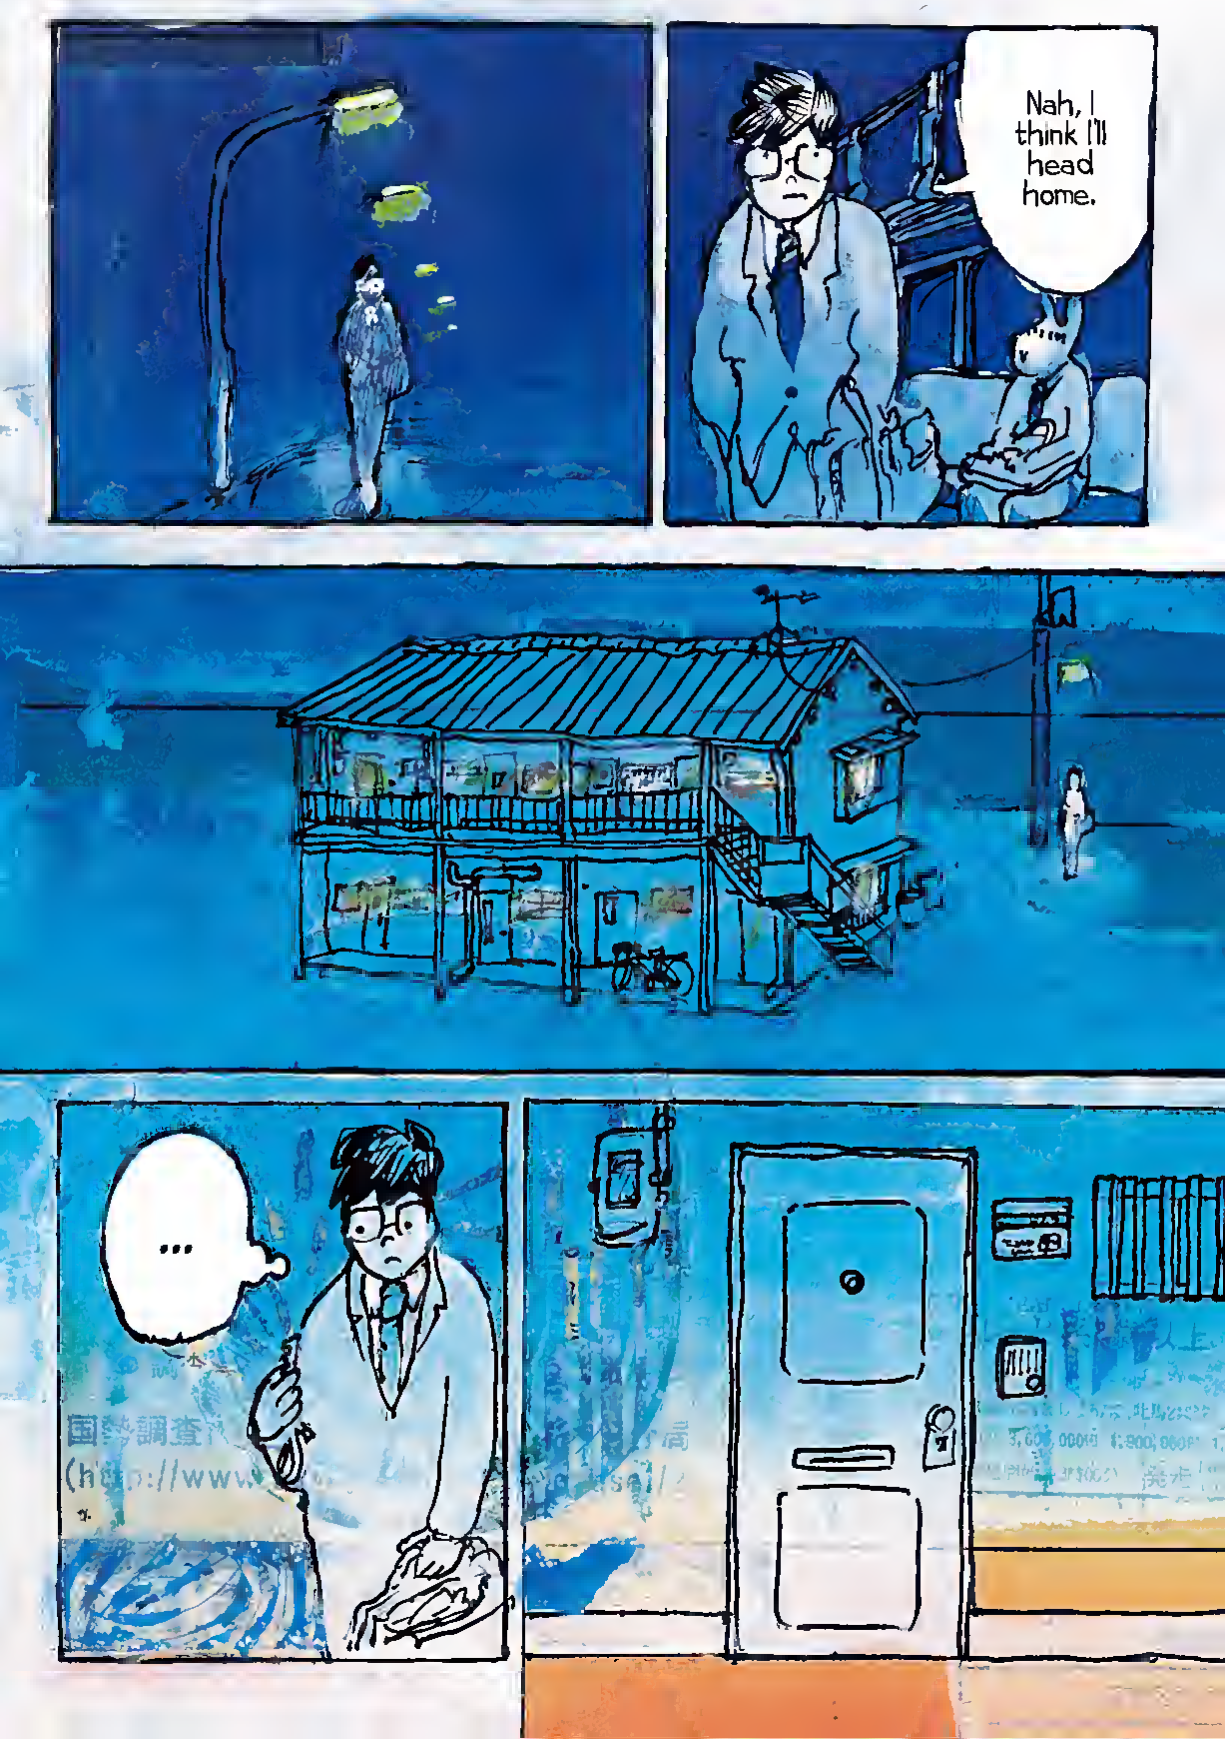
Eh?
Senpai, after this...
Do you want to go to a revolving sushi bar that a friend from a club works at?
Art store...
Weren't we... headed to the art store?
We did?
Didn't we just go the other day?



I tried... I said, 'It's time to wake up'.
Eh? Why didn't you wake me up?
We passed the art store a while ago.
Where... is this train going?
Hey,
...
Somehow I feel like I've been riding on it for some time. For days, no, maybe years...



What do you mean by that, Zajiro?
Didn't you tell me, 'The time when I'm on the train is my paradise. It's the time I pass where I don't have to think of work at all?'
Zajiro. Let's go for drinks. Drinking while you're on the train is the best!
It would be great if the commute continued on forever.
I dunno about that...
Maybe.



Nah, I think I'll head home.
...

Was it like this in the morning?
My house looks like it turned into a ruin.

...!

What was it...?
A sparrow at the window?
It reminds me of some-thing,
But I'm so tired...
